Notice of Non-Responsive Amendment

### **NOTICE OF NON-RESPONSIVE AMENDMENT**

The reply filed on August 28, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The reply failed to address the patentability of the newly presented claims as required. Applicant or patent owner must reply to every ground of objection and rejection in the prior action. The reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references. See 37 CFR 1.111 (b). Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

### **Request for Information**

Request for information under 37 CFR 1.105 is withdrawn. However, Applicant should state precisely which portion(s) of the disclosure provide the written description support for specific claim element(s) for each amended limitation, if any, and newly added claim to address the patentability of the newly added limitations or claims.
